Passionate Java Developer with 5+ years of experience transforming ideas into robust, high-quality software solutions. Adept at leveraging Java's ecosystem, including Spring boot, Hibernate, and RESTful APIs, to build scalable and efficient systems. My expertise extends to integrating modern technologies and tools to enhance application performance and user satisfaction. Known for a creative problem-solving approach and a keen eye for detail, I thrive in fast-paced environments where innovation and adaptability are key. Committed to continuous learning and professional growth.

ACADEMICS

Course	University	From Year/To Year	Duration
MCA	IPU	2015-2018	3 Years
BCA	MU	2012-2015	3 Years
Intermediate	BSEB	2010-2012	2 Years
Matriculation	BSEB	2009-2010	1 Years

SKILLS

Java, Spring Boot, Spring Data, Rest API, Microservices, Hibernate, MySQL, Oracle

WORK EXPERIENCE

Java Developer
TS Infotech India Pvt. Ltd.   January, 2021-Present

- Worked with project managers to design and implement scalable solutions for 3 projects.
- Worked with SVN repository to handle the separation between code versions from existing project.
- Designed and implemented the application using Spring MVC, Spring AOP, Spring transactions and hibernate.
- Implemented hibernate for the ORM layer in transacting with Oracle database.
- Involved in the development of the user interfaces using HTML, JSP, JS, J-Query, CSS and Ajax.
- Involved in the presentation tier design as well as the services layer and prepared the class diagrams, sequence diagrams.
- Troubleshoot and resolve the reported issues and replying to queries in a timely manner.
- Prepare and produce releases of software components and design document.
- Solved unique and complex problems with broad impact on the business.
- Helping the Junior Developer in understanding the process and modifying requirements.
- Participate in daily stand-up to provide updates and discuss impediments.

Major Projects

Project	Domain	Language/Tools/Technology Used	Role	Duration	Client
ARKASLINE	Shipping	Java 8, Oracle, Spring Boot, Hibernate, Microservices, Maven, Apache tomcat	Developer	2.5 Years	ARKAS
MERATUS	Shipping	Java 8, Oracle, Spring Boot, Hibernate, Microservices, Maven, Apache tomcat	Developer	2.5 Years	MRT
RCL	Shipping	Java 8, Oracle, Spring Boot, Hibernate, Microservices, Maven, Apache tomcat	Developer	2.5 Years	RCL

Jr. Java Developer
BKC WeatherSys Pvt. Ltd.   August, 2018 – January, 2021

- Responsible for design, development, modification, debug and maintenance of the project.
- Understand the project requirements and developed REST APIs based on the requirements.
- Created connections to a database using hibernate session factory, using hibernate APIs to retrieve and store data to the database with hibernate transaction control.
- Implement persistence layer using various features of Hibernate framework like HQL queries, criteria etc.
- Implement cashing using Ehcache in hibernate for the better performance.
- Created POJO classes, spring configuration files to use dependency injection.
- Developed the application using core java concepts like collections, multithreading, OOPs concepts, exception handling for developing application modules.

Major Projects

Project	Domain	Language/Tools/Technology Used	Role	Duration	Client
SIDS	Weather Forecast	Java 8, MySQL, Spring Boot, Hibernate, Restful APIs, Maven, Apache tomcat	Developer	1 Year	ISRO
Weather India	Agriculture	Java 7, MySQL, Spring Boot, Spring JPA, Maven, Restful APIs, Apache tomcat	Developer	2.5 Years	Weather India
Fasal Salah	Agriculture	Java 8, MySQL, Spring Boot, Spring JPA, Rest APIs	Developer	1.5 Years	Fasal Salah
